

# MEMBRUM SECUNDUM.

*Cochlea marina breviores, et magis contractæ.*

## ORDO PRIMUS.

*Cochlea marina breviores, et magis contractæ. Triangulares.*

### CLASIS PRIMA.

*Cochlea marina breviores, et magis contractæ. Triangulares;  
et tribus potissimum recte laevis efformatae. Trochi dictæ.*

*Die Meer-Schnecken.*

**GENUS I.** *Trochi marini ore oblongo compreso.*

**GENUS II.** *Trochi marini ore oblongo quasi liberto.*

### CLASIS SECUNDA.

*Cochlea marina breviores, et magis contractæ. Triangulares,  
et tribus quasi rectilineis efformatae. Cochles Trochiformes dictæ.*

*Die Trochiformes. Meer-Schnecken.*

**GENUS I.** *Cochlea marina Trochiformes vulgares.*

**GENUS II.** *Cochlea marina Trochiformes umbilicata.*

**GENUS III.** *Cochlea marina Trochiformes umbilicata ore dentato.*

**GENUS IV.** *Cochlea marina calata.*

## ORDO SECUNDUS.

*Cochlea marina breviores, et magis contractæ. globosæ.*

### CLASIS PRIMA.

*Cochlea marina breviores, et magis contractæ globosæ terrestriiformes.  
Die fügelähnliche. Pröfischnecken. Formæ. Meer-Schnecken.*

**GENUS I.** *Cochlea marina globosæ terrestriiformes vulgares.*

**GENUS II.** *Cochlea marina globosæ terrestriiformes umbilicatae umbilico simplici.*

**GENUS III.** *Cochlea marina globosæ terrestriiformes umbilicatae umbilico duplo, seu diviso.*

**GENUS IV.** *Cochlea marina globosæ terrestriiformes umbilicatae umbilico verrucâ obtesto.*

**GENUS V.** *Cochlea marina globosæ terrestriiformes umbilicatae Anomala.*

**GENUS VI.** *Cochlea marina globosæ Narix dictæ.*

## ORDO TERTIUS.

*Cochlea marina breviores, et magis contractæ orbiculares.*

### CLASIS PRIMA.

*Cochlea marina orbiculares sine umbilico.*

*Die runde, oben und unten schief eine Meer-Schnecken dñe Tabel.*

**GENUS I.** *Cochlea marina Nitridæ.*

**GENUS II.** *Calcaria marina.*

**GENUS III.** *Cochlea marina orbiculares terrestriiformes; et terrestres.*

**GENUS IV.** *Purpuræ lacustres. Coccus. fundentes.*

**GENUS V.** *Cochlea marina orbiculares ore fimbriato.*

**GENUS VI.** *Cochlea marina orbiculares ore fimbriato dentato.*

### CLASIS SECUNDA.

*Cochlea marina orbiculares umbilicatae umbilico angustiore.*

*Die runde, oben und unten schief eben genalzte Mur-Schnecken mit eingerem nali.*

**GENUS I.** *Cochlea marina orbiculares umbilicatae umbilico angustiore striata.*

**GENUS II.** *Cochlea marina orbiculares umbilicatae umbilico angustiore ore fimbriato subretundo.*

**GENUS III.** *Cochlea marina orbiculares umbilicatae umbilico angustiore ore oblongo fimbriato angulosæ.*

**GENUS IV.** *Cochlea marina orbiculares umbilicatae umbilico angustiore ore fimbriato quasi quadrato dentato.*
